3 Month Data Test Drive

If you're on an unrestricted internet price plan or internet bundle, you can use the internet for: a) calls over the internet, b) legally sharing data files, or c) giving other people access to your mobile equipment over the internet. However, if you're on a restricted price plan we will: a) block access to these services, b) restrict performance, or c) charge you for this at the full published rates at vodafone.co.uk. If you want to use a mobile phone as a modem, you'll need to be on a price plan that allows this.

For the first 3 months of your price plan we'll waive our standard internet charges if you exceed your UK internet allowance. We'll monitor your internet use, and in the third month we'll send you a text summarising how you got on, whether you exceeded your internet allowance during the trial and the monthly cost of adding a higher internet allowance to your plan. If you want the higher internet plan, just send us a free text to 97888 within 3 days and we'll apply the new internet plan to your account at the end of the trial. But don't worry, if we do apply the higher internet plan and you wish to remove it at a later date, you can do this by contacting us at any time and we'll remove it from your next bill when your internet allowance and charges will revert to the original amount in your price plan (including standard internet charges for additional internet use).

Don't forget you can check your internet usage at any time on My Account, the My Vodafone app (available on iPhone, Android and Blackberry) or by calling (free from your handset) 44555.

The 3 Month Data Test Drive is for internet use in the UK only and does not apply to SIM only (excluding 12 month SIM only), mobile broadband and price plans where internet is not included. If you move to a different price plan during the trial, sorry but the offer will not transfer to the new plan so you'll be charged our standard internet charges if you exceed your internet allowance. Don't forget after the 3 months if you exceed your UK internet allowance our standard internet charges will be applied. Happy surfing.
