## Vodafone 4G RED and 4G RED Business plans for business

This Price Plan Guide applies to the Vodafone 4G RED and 4G RED Business price plans and is incorporated into the Commercial Terms between Vodafone and Customer and, together with the General Terms and Mobile Service Terms, shall form the Agreement for the Vodafone 4G RED Business price plan or the Vodafone 4G RED price plan. This Price Plan Guide applies to business customers only. All Charges exclude VAT.

### Unlimited minutes and texts

Each Connection on a 4G RED or 4G RED Business voice price plan has unlimited calls to UK mobiles and UK landlines (starting 01, 02, 03) and standard UK text messages made and sent (as applicable) from and to the UK.

All other call and text types are charged at the rates set out in this Price Plan Guide.

The 'data share' Connection is not a voice Connection and will not have unlimited calls and texts.

Calls made through the return call service via voicemail are not included in the Customer's allowance.

### Data

Data allowances apply to data usage within the UK.

Up to 4 Connections on a 4G RED Business price plan on the same Customer account can share their UK data allowances (where applicable), plus any 4G RED Business optional internet packs, in a 'data pool'. Any 'data share' Connection provided with a Connection on a 4G RED Business price plan can also use the 'data pool'. Connections on other price plans or on other accounts will not be able to share data.

Where Customer has multiple Connections on the 4G Red Business price plan in its account, Customer must have a 'Lead Connection' among its 'Member Connections'. The Lead Connection and the Member Connections on the 4G RED Business price plan are called the 'Group'.

The 'data share' Connection provided with selected 4G RED Business price plans, is a data-only SIM Card which should be used in mobile broadband devices like dongles and tablets. If Customer disconnects, terminates, migrates or upgrades the primary 4G RED Business price plan Connection (which the 'data share' Connection is attached to), then out of bundle charges shall apply to any usage on the 'data share' Connection as set out below or the 'data share' Connection may be terminated if Customer leaves Vodafone.

The 'data share' Connection is Customer's responsibility. If the 'data share' SIM Card is lost or stolen, please notify Vodafone customer services immediately. If Customer does not want the 'data share' Connection, Customer shall contact Vodafone who will remove it from Customer's account.

If Customer uses a data-only SIM Card (including the 'data share' SIM Card) meant for a mobile broadband device (like a tablet or dongle) to make voice calls or send texts, the out of bundle charges in the tables below will apply.

The Lead Connection:

- will incur all Charges incurred by the Group;
- cannot have a content bar applied because out of bundle charges will be recorded as content purchases; and
- must be a 'smartphone'.

If the Lead Connection is disconnected: (a) the last voice-enabled Member Connection in the Group will be assigned 'Lead Connection' status; and (b) Vodafone shall text the Lead Connection notifying it of the disconnection.

4G RED Business is not compatible with: (a) individual data allowances (but Customer may still be charged); and (b) Data Test Drive.

Customer may not have more than 4 primary Connections (excluding 'data share' SIM cards) in its Group.

Vodafone 4G RED Business billing does not support automatic cost centre allocations of Charges.

The data sharing functionality of the 4G RED Business plan is set out at the bottom of this Price Plan Guide under '4G RED Business Data Functionality'.

## Inclusive Roaming Fair Usage Policy

Inclusive European Roaming services in Europe Zone 1 and 2 are intended for use during periodic travel and not for customers roaming across foreign networks on a semi-permanent or permanent basis.

If customers use their mobile in our Europe Zone 1 and 2 for more than 50% of the time in any 4 month rolling period, they will receive a text requesting more moderate use of our roaming services.

If customers' usage in our inclusive Europe Zone 1 and 2 continues to exceed 50% as described above, over the 2-week period following the first notification, customers may be charged for further use or we may bar them from using our roaming services. Customers will be notified before we do this.

## 4G RED Business data functionality

### Message Description (all sent to or by the Lead Connection)

**Data pool usage text** - Sent at 80% and 100% of the data pool usage.

**Out of Bundle Step text** - Sent at 80% and 100% of the out of bundle usage. Out of Bundle charges are calculated in steps of 250Mb.

**Pool usage query** - Text 'INTERNETBALANCE' to 40506.

**Pool update text** - Sent when additional data or members are added. This is refreshed for the next working day.

**Lead administrator change text** - Change the Lead Connection by calling customer services on 191. A confirmation text is sent to the old Lead Connection.

**Additional data text** - When data usage has reached 80% of the data pool allowance Vodafone will send a text offering to add more data into the pool. To add more data, text 'ACCEPT' to 40506. Vodafone will send one 'Additional data message' each month.

**STOP Messages** - If Customer opts out of the 'Data pool usage text', 'Additional data text', or the 'Out of bundle step text' by texting STOP to 40506, this will opt Customer out of all of these texts and any texts about roaming usage.

The detailed functionality of the 4G RED Business price plan is at the discretion of Vodafone and is subject to change from time to time. Customer is responsible for all usage on its account.

## General

Any data allowance or usage increment relates to use of all or part of the specified amount. Charges are correct at time of print. Unless Customer is on a '4G Ready' or '4G' plan, upload data speed will be limited to 8Mbps and download data speed will be limited to 10Mbps. 4G price plans are not currently compatible with private APNs.
