power to you

Take your UK price plan to Europe for just £3 a day

Heading over to Europe? If you're on Vodafone Pay monthly or a standard business price plan, opt in to **Vodafone EuroTraveller**. For just £3 a day, you'll be free from unexpected bills when you use your mobile in our Europe Zone – and you'll only be charged on the days you use your phone.

Vodafone EuroTraveller lets you take your UK price plan with you; that's any inclusive minutes, internet or texts that you currently receive in the UK (but no Extras). It's only making calls (including to your voicemail), sending texts and using internet that trigger the daily charge – with **Vodafone EuroTraveller**, there's no charge for receiving calls and texts.

Now you've got the freedom to use your phone as you want abroad and, as long as you stay within your UK allowance, you'll only ever pay £3 a day.

Just so you know we count a day as midnight to midnight local time.

To opt in call **5555** or for more information and terms visit vodafone.co.uk/eurotraveller

Great value internet in our Rest of the World Zone

You can also save money when using internet outside of Europe by opting into **Vodafone Data Traveller** for the Rest of the World Zone. You then simply pay £5 a day for a 25MB daily allowance (midnight to midnight, UK time) on the days you want to use the internet.

We'll send you free texts to remind you of your daily allowance – and let you know if you're nearing your internet limit.

Call **40026** to opt in.

If you use the full 25MB and want to continue using internet, you'll pay standard **Vodafone World** rates for using the internet.

For added protection you're automatically opted in to a monthly spending cap of €50 in our Europe Zone and €50 in our Rest of the World Zone. If you don't want the spending cap, text **STOP** to **40209** or call **191**. If you have opted in to **Vodafone EuroTraveller**, this spending cap will not affect you while in our Europe Zone. This is because **Vodafone EuroTraveller** allows you to take your UK price plan to our Europe Zone.
