The Europe Zone and these certain Rest of World destinations constitute the '**Business Traveller Zone**' (see list below in this Price Plan Guide).

A daily per Connection Charge of £3.00 (excluding VAT) for the Europe Zone and £6.00 (excluding VAT) for the included Rest of World destinations will be applied automatically to Customer's bill each day a Connection uses its phone within the relevant Business Traveller Zone (both for calls and texts to numbers within and outside the Business Traveller Zone and for data). Please note that the per Connection Charge **is in addition** to Customer's per minute, per text and data Charges as set out in Customer's applicable UK price plan.

For the Europe Zone, calls or texts to destinations outside of the UK and the Europe Zone will be charged at Vodafone's international rates as set out in Customer's price plan and **the daily Charge will still apply**. For the included Rest of World destinations, calls or texts to countries outside of the UK and the country the Connection is roaming in will be charged at Vodafone's international rates as set out in the Customer's price plan and **the daily Charge will still apply**.

Customer shall also be able to use its standard email price plans whilst in the Business Traveller Zone.

When Customer is travelling within the Business Traveller Zone, Customer's allowance shall renew as usual each month.

Where a Business Traveller Zone destination is a country which has more than one time zone, Vodafone will count a day as 00:00 to 23:59 local time of the capital city of the local country (as set out below). If a Connection travels to another destination in the Business Traveller Zone on the same day, the daily Charge shall apply once for the day on which that Connection uses its device, provided that the Connection does not cross into another charging day based on the local time of the capital city of the local country. Please note that Business Traveller applies to the whole of each Business Traveller Zone destination, the local time of the capital city of the local country is for calculation of the daily Charge only.

Please be aware

Customer accepts that by opting in to Business Traveller it will be opting out of the 50 euro rest of the world monthly mobile data spend cap and any associated notifications whilst in the Business Traveller Zone.
