

# Vodafone Business Broadband and Phone

We've developed our own fibre optic network. So now you can have Broadband and Phone that's more responsive, uses the latest technology and delivers great value.

## VALUE

### Customers get even better value:

- Truly unlimited broadband to download, stream and share without the worry of usage caps
- Call management features available such as Smart Divert and Number Conceal
- Better value for existing customers

## EASE

### Easy switching so you are always connected:

- One call sorts it all, we'll handle everything with your old provider\* and book an engineer if required
- On switch day, you just need to plug in your router and follow our simple set up guide for a seamless transfer

## RESPONSIVE

### One supplier and one number to call:

- If something goes wrong with your line you can call us and we'll make sure it is fixed by the end of the next working day
- 8-hour fix available as an optional extra with Premier Support

## EXPERIENCE

### An ultra-smart app to enhance your Wi-Fi experience:

- Boost your Wi-Fi speed by prioritising one specific device
- Focus your Wi-Fi signal using beam-forming technology
- Give others access to your Wi-Fi via the Guest Wi-Fi function

Standalone Phone and Broadband offers are also available. Specific terms apply.

\*With the exception of Virgin Media customers where they will be required to cancel the service directly.
