

Introducing 4G Pay as you go with Vodafone

Hi, I'm Reiss from Vodafone and 4G has arrived on Pay as you go.

And, with a Big Value Bundle, you can get Spotify Premium or Sky Sports Mobile TV included!

Whether you want to discover new tunes or catch every nail-biting moment you can now enjoy the freedom of 4G and loads of UK data, on Pay as you go.

So, here's what you'll need to do to get going:

First of all, make sure your phone is 4G ready at vodafone.co.uk

Next, check vodafone.co.uk/coverage to see if you're in a 4G area.

And for more help with the network checker tool, check out Sukhi's video [here](#).

Once you're good to go, you'll need to have a Pay as you go SIM ready.

If you're new to Vodafone, go to vodafone.co.uk/freesim to order one or, if you're an existing customer, call 4354.

To get on the 4G network you'll need to buy a Big Value Bundle starting from £20.

But if you buy one for £30 or more, you'll get access to Sky Sports Mobile TV or Spotify Premium too!

You'll get a text with a link, taking you to the Vodafone Portal where you can choose between music and sport!

For tariffs, terms and more information about 4G on Pay as you go, visit vodafone.co.uk/4Gpayg
