

# Introducing Vodafone Covered

Hi, I'm Sukhi from Vodafone.

Nowadays, phones have become a crucial part of our lives.

They're a way of recording precious and memorable moments, or providing entertainment on the way to work.

You can even do your shopping in an instant and most importantly, keep in touch with those you care about 24/7.

But did you know:

- 70% of people say they couldn't live without being connected to their devices
- 2.5 million Screens are damaged every year
- And 8 million incidents of loss, theft or damage occur every year, of these 64% were not insured during the time of the incident. That's over 5 million!

The good news is, with us, you can get peace of mind for your Vodafone mobile or tablet.

We offer worldwide cover for loss, theft, damage and breakdown.

Or you can just take worldwide cover for damage and breakdown.

If you do ever need to make a claim notify us as soon as possible, so we can bar your phone to prevent unauthorised usage.

Once your claim is accepted and your excess fee has been applied to your next bill, we'll aim to replace a lost or stolen device within 24 hours, and where we can we'll even provide a loan phone in the meantime if your device needs to be sent away for repair.

For more helpful videos and all the latest from us, subscribe to the Vodafone UK YouTube channel.
