BlackBerry® Z10 – setting up email

Time	Caption
00:00:00	Hi, I'm Ben from the Vodafone Tech Team and I'm going to show you how to add an email account to your BlackBerry Z10 smartphone.
00:00:10	From the menu, select 'Settings'. Select 'Accounts'. Here you can add your email accounts, as well as social network accounts.
00:00:20	Select 'Email, calendar and contacts'. Type your email address and tap 'Next'. Then type your password and tap 'Next' again.
00:00:30	You can then choose what to sync from the account – email, contacts or calendar. Tap 'Done'.
00:00:40	You'll then be able to access your emails from the BlackBerry Hub by swiping up and to the right from any app.
00:00:50	For more help and support with your BlackBerry Z10 smartphone or a wide variety of other devices, check out the Vodafone UK YouTube channel.
