

Vodafone Business Constant package

Welcome to the Vodafone Business Constant package.

Email, email, email, download, email, email, conference call, email, sound familiar? This is your kind of mobile internet package if you are rarely in the office and most of your time is spent communicating via email or web conferencing.

Take Kieran for example:

Kieran is field based often has to meet his clients out of the office. Kieran is constantly on his email, approving projects online, keeping in touch with the office as well as his clients; he frequently needs internet access for research purposes.

That's why Vodafone Business Constant priced from £19 a month and then 5p a megabyte thereafter, is perfect.

This includes 5GB mobile internet and 2GB of access to BT Wi-Fi Openzone hotspots at no extra charge, contract length can be 3, 12 or 24 months.

Vodafone will also send you an SMS to let you know when you have used 80% of your allowance, then again once you have reached 100% and any extra that you have spent in the month so you can really keep on top of what you are spending.

The benefits of this package are you will have internet access that lets you send and receive large files without any problems and seamless, automatic access to 4000 BT Openzone Wi-Fi hotspots.

Once you have chosen the right mobile internet package for you, you then have the option to choose whichever device you want in order to connect your mobile internet to. If you don't need a device, then just select the SIM card option.
