| Connection | 2x SMA connectors, 5 metres | SMA connector, 3 metres |
| Ingress Protection | Rated IP65 | Rated IP67 |
| Operating Temperatures | -40°C to +65°C | -40°C to +85°C |
| Weight | 1kg | 1.25kg |
| Dimensions | 380mm x 65mm (HxR) | 76mm x 152mm x 165mm (HxWxL) |

## Smart Connectivity Portal

Monitor and control your Smart Hubs from anywhere by using the Smart Connectivity Portal. Included in your monthly access fee, the cloud hosted portal features real-time dashboards to show Smart Hub locations, data usage and active status and has additional functionality to make over-the-air configuration changes.

## Why Vodafone Business?

### 1
**Leader in IoT Connectivity**

Recognised in the Gartner Magic Quadrant as a leader in IoT Connectivity, worldwide for the sixth consecutive time.

### 2
**Superior network capabilities**

Optimised Smart Hubs for the Vodafone Mobile Network, automatically selecting the best cell site for fastest speeds.

### 3
**End-to-end managed service**

Delivering complete, end-to-end IoT solutions built to help our customers capture and turn data into business value.

### 4
**Proven in CNI and the public sector**

Offering expertise in providing IoT and cyber security services to critical national infrastructure providers.

## Let's talk, and keep your teams connected.

Contact your account manager to discuss how you can benefit from fast, reliable and secure connectivity, wherever your business takes you.
