This policy has been designed for Vodafone corporate customers. We recognise that mobile devices are so much more than just a device to make and receive calls. You must have a Vodafone airtime contract in place throughout the duration of this policy for the insured device.

Your demands and needs

By purchasing insurance you will have come to your own decision as to whether this product meets your particular demands and needs for insuring your mobile device, purchased direct from Vodafone, against damage and breakdown. You are also aware that the replacement of your mobile device may be from refurbished stock. You have therefore decided to proceed with insurance cover damage and breakdown at the cost and terms indicated on a non-advised sales basis, which means that no advice on the suitability of this insurance has been given by Vodafone Insurance Services.

Who is this cover designed for?

Summary	Description
For many of us, our mobile device is much more than a device for making calls. It means you can stay in contact wherever you are, stores valuable memories, provides entertainment on the move and so much more.	This policy has been designed for Vodafone corporate customers who have a mobile device provided by Vodafone that is not already covered under another insurance policy and you want to cover the cost of repairing or replacing your mobile device against damage and breakdown (including faults). Successful claims are subject to an excess payment which you should take into consideration when deciding if this policy is suitable for you. You must have a Vodafone airtime contract in place throughout the duration of this policy for the insured device.
It is important to note that this insurance is offered on the understanding that you will take care of your mobile device.	Having insurance does not mean that you can take risks with your mobile device which you would not take if your mobile device was not insured as doing so may result in your claim being declined. Further details can be found in the section 'What you are NOT covered for'

We do understand that every claim can be quite different and we will make every effort to take this into consideration when we review a claim.

Cosmetic damage

We only cover damage if it stops the normal functioning of your mobile device. If it is just a scratch or dent, and your mobile device still works as expected, then we will not repair or replace it.

We know scratches and scrapes to your mobile device aren't nice but we are here to fix your mobile device when it isn't working, so if it still functions as you would expect then we can't help. For example, a scratched screen would not be covered but a cracked screen would be covered.

Contents of your mobile device

We only cover the mobile device, we don't cover the contents. This means that any pictures, software, downloads, apps, music or any other content is not covered by this policy so make sure you back it up regularly.

There are lots of ways to back up the contents of your mobile device and we suggest you do this regularly so if you have a claim and you lose your mobile device's contents as a result, you can download it on to your replacement mobile device and be up and running again in no time.

Other losses

Any cost or losses that can't be resolved by the repair or replacement of your mobile device

We don't cover any loss of profit, opportunity, goodwill or similar losses. We just cover the mobile device.

Modifications

If your mobile device has been modified in any way we will only replace the mobile device, we do not cover the modifications that have been made.

Modifications are anything that changes the way your mobile device looks or operates from the original specifications. This includes things like adding gems, precious metals or making software changes such as unlocking your mobile device from a network.
