Summary	Description
	These examples increase the risk of it being damaged and may result in your claim being declined. The examples are to help you understand what's covered, and are not the only reasons a claim could be rejected.
Breakdown covered by the manufacturer's warranty	This policy does not provide cover for problems with your mobile device that are covered by the manufacturer warranty. If your mobile device does develop a fault whilst still under warranty you should follow the warranty returns process as specified by the manufacturer.
Cosmetic damage	We only cover damage if it stops the normal functioning of your mobile device. If it is just a scratch or dent, and your mobile device still works as expected, then we will not repair or replace it. We know scratches and scrapes to your mobile device aren't nice but we are here to fix your mobile device when it isn't working, so if it still functions as you would expect then we can't help. For example, a scratched screen would not be covered but a cracked screen would be covered.
Contents of your mobile device	We only cover the mobile device; we don't cover the contents. This means that any pictures, software, downloads, apps, music or any other content is not covered by this policy so make sure you back it up regularly. There are lots of ways to back up the contents of your mobile device and we suggest you do this regularly so if you have a claim and you lose your mobile device's contents as a result, you can download it on to your replacement mobile device and be up and running again in no time.
Other losses	Any cost or losses that can't be resolved by the repair or replacement of your mobile device We don't cover any loss of profit, opportunity, goodwill or similar losses. We just cover the mobile device.
Modifications	If your mobile device has been modified in any way we will only replace the mobile device, we do not cover the modifications that have been made. Modifications are anything that changes the way your mobile device looks or operates from the original specifications. This includes things like adding gems, precious metals or making software changes such as unlocking your mobile device from a network.

20.5 How to make a claim:

Summary	Description
Step One:	You should tell us about your claim as soon as you can after discovering the incident. You can do this by calling us on 0333 304 3346 or from abroad; +44 7836 191 191.

Summary	Description
Step Two:	We will walk you through the simple claims process and tell you what information you will need to provide for us to assess your claim. You may be asked to complete a claim form or provide additional information in order to progress Your claim. Failure to do so may result in Your claim being delayed.
Step Three:	You will need to pay your excess for every accepted claim on the insured device. Your excess will be applied to your next Vodafone bill.
Step Four:	We will either repair your mobile device or send you a replacement. If you are sending your damaged device to us for repair you must remove any locking mechanism (e.g. Find My iPhone) before we receive it. If this is not done it will delay your claim and your mobile device may be returned to you unrepaired in order to remove any locking mechanism. We will not be able to complete a claim until we can confirm the security features have been removed.

20.6 What you need to know about the claims process:

- (a) Where we replace the mobile device the replacement may be a refurbished (not brand new) device.
- (b) Any postage costs incurred in sending your mobile device to us for repair are not covered under this insurance.
