Your agreement with us

Your agreement is with **Vodafone Limited**, registered in England under 1471587 at Vodafone House, The Connection, Newbury, Berkshire RG14 2FN. It's made up of these Pay as you go Terms and Charges, the pricing guide for your bundle, the conditions of any optional extras you may choose to add (e.g. Vodafone Freebie Minutes, Vodafone Big Value Bundles), the General Network Terms and our Acceptable Use Policy. These terms cover the SIM card and any services you use but do not cover any equipment (e.g. the purchase of your phone). We also encourage you to take a look at our Returns, Privacy and Acceptable Use Policies which also make up your "Agreement" with us. All these terms are all available on our website <https://www.vodafone.co.uk/terms-and-conditions/>.

By topping up and/or using the services you agree to the terms of this agreement.

During your agreement with us

Using our services. We will provide you with a SIM card and a number for you to use with your mobile equipment to access our network. We own the SIM Card and number and reserve the right to change either at any time. You must adhere to terms of this agreement and our instructions on using the services. You are responsible for other people who use your equipment and services. You must only use mobile equipment which is approved for connection to our network. The mobile equipment and services are for your personal non-commercial use only and must be used in accordance with our Acceptable Use Policy at all times.

Problems with our services. We'll provide our services with reasonable skill and care. However, our services are not fault-free and are not available everywhere in the UK. Please check the predicted coverage in your area on Vodafone's website (www.vodafone.co.uk/explore/network/uk-coverage-map/). There are a number of reasons why you may find problems with the services, including moving home or work, weather conditions, damage to our

network, the number of people using the network and so on. Please contact us if you experience a service issue and we'll attempt to fix it. If we have to interrupt our services for maintenance or we cause a technical fault on our network, you may be entitled to a partial refund of your credit based on the number of days you are without our services. If you are experiencing a materially degraded service for an unreasonable period of time, please read our "Leaving Us" section below. We'll not be responsible for any loss of service due to something outside our reasonable control. To receive a partial refund of your credit or terminate the Agreement, you must report to us a severe disruption which we will assess against your typical usage history. We may offer you alternative equipment (such as Vodafone Sure Signal) to address service quality. During busy periods on our network we may need to manage traffic to ensure everyone has access to our services. You can find out more on our traffic management policy here: <https://www.vodafone.co.uk/terms-and-conditions/consumer/network-and-coverage/traffic-management/index.htm>.

Payment. You pay for the services by topping up your account with us. Please see <https://support.vodafone.co.uk/Account-bill-and-top-up/Balance-and-topping-up/38948001/How-can-I-top-up-my-phone.htm> for details on how to top up. The amount of the TopUp is then credited to your account (usually immediately but it can take up to 24 hours) and is ready for you to use.

You will be charged for using the services in accordance with the rates set out in the relevant pricing guide. All calls are charged by the minute. The longest call you can make is 23 hours and 59 minutes. All charges are inclusive of VAT, where applicable. You can check your allowances, how much you have topped up and how much credit you have used by typing *174# into your phone and pressing call or send.

We may deduct any money you owe to us from your credit balance or from any debit or credit card details you have given us. We may also charge you interest on the unpaid amount at a daily rate of 2% above the base rate of Barclays Bank each year.

Changes to your terms, services or charges. We may make changes at any time. If we increase our

charges to your disadvantage, we will give you at least 14 days' notice in a way which we consider is reasonable, for example by sending messages using the services. All other changes will apply when we publish details of them for example on our website or by via SMS. By continuing to use the services, you agree to these changes. If you are not happy with any of these changes, you do not have to continue to top up your account or use the services.

Losing the mobile equipment If your mobile equipment is stolen, damaged, destroyed or lost, we do not have to give you any refund for any services that you have paid for in advance or for the cost of the mobile equipment. You must contact us immediately so that we can suspend your services to prevent further calls being made using your mobile equipment.

Leaving us/suspending the services. We can suspend, restrict (including, without limitation, prevent you from receiving incoming or making or sending outgoing calls and texts) or stop providing all or part of the services if:

- (i) you do not comply with any the terms of your Agreement with us;
- (ii) you do not use the service for 180 consecutive days i.e. you do not carry out any chargeable outbound activity such as making an outbound call (excluding calls to 191), sending an SMS, using data or topping up your account;
- (iii) you owe us any money (we may continue to provide the services once any outstanding amount is paid);
- (iv) If we are permanently unable to provide you with the services, unable to provide the services to you for an unreasonable period of time or we are asked to suspend the services by regulators or are required to do so by law;
- (v) we have reason to believe you have topped up (or have tried to top up) your account using a stolen credit or debit card or if the debit or credit card transaction is at some time charged back to us; or
- (vi) you use any of our services in a way that may damage or affect the operation of our network.

If you choose to stop using the services. If we suspend the mobile equipment because you have chosen not to use the services for 180 consecutive days we will send you an SMS notifying you that you should top up your account or make a chargeable outbound call (but not calls to 191), send a chargeable SMS or use your data within the next 90 days. If you fail to do so, we will disconnect your mobile equipment and you will lose any credit held on your account.

Returns and faulty Equipment. Please see our Returns Policy for information on what to do if you wish to return any faulty equipment, have any equipment repaired or have simply changed your mind about your purchase within the 30-day cooling off period.

What we do with your information and contacting us

What do we do with your data? We along with companies in the same group as us may collect, use and share your personal information and information about the type of calls you make in order to support our services, manage your account and provide customer care activities.

Sharing your data with third party agencies. If false or inaccurate information is provided and fraud is identified, details will be passed to fraud prevention agencies to prevent fraud and money laundering.

For more details please see our Privacy Policy: <http://www.vodafone.co.uk/privacy>.

Contacting us and complaints. We'll send you notices by post, voicemail, text or email. If no need to speak to use or have a complaint, please contact us on:

Phone: 191 from your Vodafone phone or 0333 3040 191 (from UK landlines or other mobiles);

Post: Vodafone House, The Connection, Newbury, Berkshire RG14 2FN; or

Website: <http://www.vodafone.co.uk/vodafone-uk/forms/complaints>.

If we can't fix your issue you may:

- (i) refer the matter to an independent ombudsman under our Customer Complaints Code which is available on our website or by contacting us:
- (ii) refer issues with goods or services bought online to the EC Online Dispute Resolution website at <http://ec.europa.eu/odr>. Further information is available on our website at the above link.

for example, loss of income, business profit, savings and missed opportunities claims.

Transferring the Agreement. We may transfer this Agreement to anyone at any time provided that doing so does not adversely impact your rights under the Agreement. You will need to get our permission before transferring this Agreement to someone else.

Your number. When you use your mobile equipment, your number may be shown to the equipment being contacted. Your number will always be shown if you contact 999 or 112.

Date: March 2018

In Asia Pacific and in the rest of the World we'll charge you for the call by the minute with a one-minute minimum call charge. For receiving calls we'll charge you by the second.

In the USA and Canada we'll charge you for the call you make and receive by the minute with a one minute minimum call charge.

The above charges do not apply to premium rate and satellite calls and additional charges (including network handling fees) may apply.

Text charges based on location text is sent. If we are charged a fee from a foreign network operator for you to receive a text or picture message, we'll pass this charge onto you.

General

Information on data charging

We measure your data usage in kilobyte (KB). Data is based on the following units:

- 1024 KB = 1 Megabyte (MB)
- 1024 MB = 1 Gigabyte (GB).

Your inclusive data allowance and additional data services will set out the amount of data you can use without an additional charge. We calculate your data usage based on the amount of data that travels over our network, which may differ from the data your device consumes. Your data usage may include data packages which are re-sent over the network, for example if your connection drops off or if a webpage is refreshed. Certain data services (websites and other packets) may be usage free and will not be taken from your data allowance, whilst others can consume your data allowance.

It does not matter if you are using 2G, 3G, 4G, GPRS, Edge or HSPA we measure data in the same way over each of these networks.

If you do not have a '4G Ready' or '4G' bundle your upload data speed will be limited to 8Mbps and your download speed will be limited to 10Mbps.

All bundles include Voice Over Internet Protocol (VOIP)

Where a call originating from a phone is disconnected, the network will initially assume that signal has been temporarily lost – for example, when passing under a bridge or through a tunnel. The connection will be maintained and charged for the first 10 seconds after signal is lost, and if the signal is re-established, the call will continue as before. If, however, you've switched off the phone, run out of battery or moved permanently out of range, the charges for that call will include the 10 seconds. In order to minimise the risk of unnecessary charges, you should be careful to end each call correctly as set out in the user instructions for your phone.

Reference to the UK excludes the Isle of Man and Channel Islands.

Calls to non-geographic numbers beginning 08, 09 and 118 are split into two parts. The Vodafone access charge is the cost to connect the call. The cost of this is 45p per minute charged by the second with a one-minute minimum call charge. The rest of the amount is the service charge which is set by the service or organisation you are calling. To find out more, visit www.vodafone.co.uk/ukcalling.

Please note you may incur additional charges due to manufacturer specific features on your handset. Please see your handset user guide for more information.

All our services which are offered as of our 'unlimited' (or similar) must only be used for your personal non-commercial use.

Use of your inclusive allowance when roaming in our Europe Zone is intended for periodic travel. It isn't meant for users roaming on a semi-permanent or permanent basis.

Prices are correct at the time of print and are inclusive of VAT. Where there is a conflict between the pricing and bundle information in this Charges Guide and the pricing and bundle information on our website then the pricing and bundle information on our website shall take priority. You can find details of our latest pay as you go call, texts, video and data charges, Big Value Bundles, Freebies and Extras at <https://www.vodafone.co.uk/shop/bundles-and-sims/pay-as-you-go-plans/>
