

Vodafone Advantage - NHS, MoD and Emergency services

Hi, I'm Ben from Vodafone. As a 'thank you', we give employees of the NHS, Armed Forces and Emergency Services up to 30% off our Pay monthly Bundles.

That could save you hundreds of pounds over your 24 month contract, and there's no catch! And it gets better – the discount is for you and up to five friends or family.

To qualify for the discount, you must apply within 30 days of upgrading or taking out your new contract.

It must be taken out directly with Vodafone – online, over the phone, or in store.

You can save 30% on 12 month SIM only bundles, and you can save 15% on all handset, iPad, and tablet bundles.

Getting your discount couldn't be easier.

Go to advantage.vodafone.co.uk to get your unique code and enter it into the voucher code box when you checkout online. Your discount will be applied immediately.

Alternatively, if you have a work email address, visit vodafone.co.uk/advantage and click Apply Now.

And then just enter your details on our online form and read and agree to the terms and conditions.

We'll then send you a confirmation email that you must read and respond to.

Or, you can visit a Vodafone store with your proof of employment - like a recent payslip or your employee ID Badge.

To apply the discount on behalf of your friends and family, simply follow the process above. A £10 membership fee applies for each connection.

The great news is that you'll start saving immediately. We'll apply the discount from your next bill date!

Head to vodafone.co.uk/advantage for more information and for all the latest from us, subscribe to the VodafoneUK YouTube channel.
