Business portfolio

Our Business portfolio is a selected range of devices which deliver against core business requirements:

Plan with confidence

We aim to include devices in the Business portfolio range for at least nine months and seek to provide a natural successor where possible to ensure that you can plan your deployment to employees as effectively as possible.

Get our support

We provide accessories and car kit support for these devices, and subject to its availability from our suppliers, we will continue to provide support for 12 months after the device is discontinued.

Specialised devices

Vodafone can also supply a diverse range of high-performance, durable, rugged and multi-use devices (including PDAs, laptops, convertibles, tablets, ancillaries) specifically designed for deployment in challenging field environments. Please contact your Vodafone account manager to discuss your specific needs.

Device specifications

All devices are 2G, 3G and 4G compatible unless otherwise stated. All smartphones have Bluetooth, Wi-Fi, GPS, support push email and are GSM Quad-band. Specifications are supplied to Vodafone by

manufacturers. For any other specifications that are not listed check with your Vodafone Account Manager. Devices may come with different specifications dependant on the market they are intended for. Operating system may change during a device lifecycle

AppBox

Vodafone AppBox is a service which recommends a collection of free mobile apps during setup of a compatible handset. AppBox is available on Handsets from the following manufacturers: Samsung, Oppo, Xiaomi & TCL. **AppBox is not available on Enterprise edition handsets.**

Note: Some Apps recommended by AppBox may not work for some Business customers depending on the security/setup allowance set by their company. If downloaded they will be blocked in the same way as if they were downloaded from the Google play store.

For FAQs on AppBox please see [this link](#).

Vodafone Secure Device Manager (VSDM)

VSDM is a powerful, simple-to-use device management platform for your smartphones and tablets.

Key benefits:

- supports industry-leading operating systems
- ensures compliance and mitigates security risk
- easy to install, use and maintain
- simplifies business application deployment
- simple-to-use management console
- can be rolled out to employees' own personal devices

To find out more about VSDM, please contact your account manager.

Warranty

Currently all devices are covered by a 24-month warranty period.

Insurance

If you or one of your team members finds yourself without a working mobile device your productivity can be quickly affected. Protect your devices, and get up and running again as quickly as possible with our great value insurance.

For more information, please see www.vodafone.co.uk/businessinsurance

What's changing

What's New	Date	Comments
What's Coming Soon		
What Went This Month		
Samsung Galaxy S25 Edge 5G		
What's Going Soon		
Samsung Galaxy S24 Enterprise Edition	Jan.	
Samsung Galaxy S25 Ultra	Feb.	
Samsung Galaxy S25 Plus	Feb.	
Motorola G35 5G	Mar.	
Samsung Galaxy A36 5G Enterprise Edition	Mar.	
Samsung Galaxy A56 5G Enterprise Edition	Mar.	
Google Pixel 9a	Mar.	i

What's leaving:

The dates outlined of devices leaving the range are advisory and based on stock levels at the time of publication. For some, the manufacturer may be able to support with further production post removal. In these cases, we may be able to purchase more upon request. Please discuss with your account manager in these scenarios.

What's coming next:

Expected launch dates are subject to technical acceptance by Vodafone and delivery of stock into our warehouse. Once a device is officially launched, it will appear on the product pages of this brochure. If that launch is mid-month, there will be a roundall on the device advising of the stock availability date.

Device Lifecycle Management

The easier way to procure and manage your mobile devices.

Vodafone Device Lifecycle Management (DLM) in a nutshell

Managing mobile estates can be complicated, especially with increased hybrid working.

Device Lifecycle Management (DLM) from Vodafone Business is made for hybrid working – equipping your people with the right mobile devices to do their job – wherever they do it. An end-to-end procurement and management experience, DLM takes care of the logistics and frees your valuable team resources to focus on strategic projects, all whilst offering you the ability to manage your estate through an easy self-service platform.

Taking care of all your device needs

Purchase, sourcing, build, delivery, in-life services, asset management and responsible decommissioning

Free your valuable time

As your single supplier, we consolidate your device needs, and our end-to-end managed service frees your team's time to support with strategic business projects.

Out-of-the-box experience

We make sure all your devices are built to your approved design, fully staged if required and delivered to your employees ready to go.

One simple, user-friendly interface

A single self-serve platform gives you full visibility over your device estate, making it easy to order and manage devices and report back to the business.

Supporting sustainable choices with Eco Rating

The Eco Rating score is an objective assessment of the environmental performance of mobile phones.

Eco Rating evaluates the environmental impact of the entire process of production, transportation, use and disposal of mobile phones on a scale from 1 to 100. The closer the score is to 100, the better the sustainability performance of the device.

Eco Rating's methodology evaluates the environmental performance of the phones across their entire life cycle – production, transportation, use and disposal at end of life –, culminating in a final Eco Rating score.

1 Raw Materials

The raw materials used in the production of mobile phones and their components. The more that devices use recycled materials, not scarce natural resources, the higher the Eco Rating score for this stage.

2 Manufacturing

When the components of the mobile phone are produced and assembled to become the finished product, including packaging and accessories. The Eco Rating will verify the impact of this stage for carbon emissions, energy consumption and other environmental categories.

3 Transport

Once the device is assembled, the finished product is shipped from the manufacturing location to the country of sale. This stage considers the distance, plus the transportation method and its carbon footprint.

4 Usage and parts

Once consumers have purchased the device, they will own and use it for several years. The useful life of the device depends on factors including durability, upgradability and repairability, in addition to the energy consumption of the device from charging.

5 End of life

This last stage looks at the environmental impact of disposing of the device, including an assessment of how easy it is to be refurbished or if its metals and the plastics can be easily recycled.

- **Why Eco Rating is a strong enabler**
- Helps customers make informed and more sustainable choices
- Encourages suppliers to reduce environmental impact of their devices
- Aligns the industry in improving transparency and reducing its environmental footprint
- Positive impact on environment: CO2 and e-waste reduction
- Supports Vodafone targets on Net Zero by 2040

Our top picks

Samsung Galaxy S25 Ultra – Powered by Galaxy AI

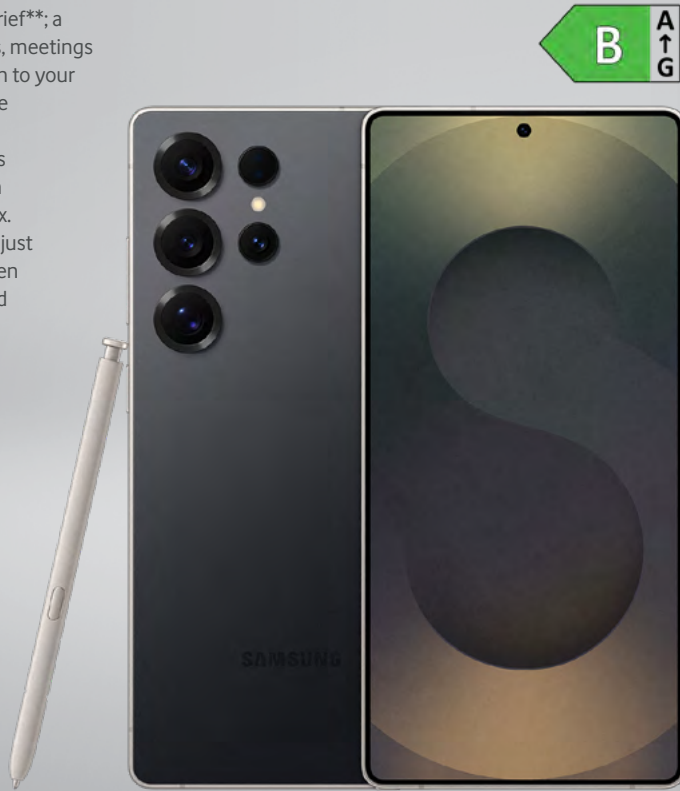

Get everything you need to stay focused, all in one place. All you have to do is ask.

With Cross-App Action* you can complete multiple related actions across different apps, with one voice command or text prompt. Found the perfect Ted Talk or YouTube but have no time to watch it? Just have Galaxy AI provide an instant summary, straight to your notes. Heard about a coding course that'd be perfect for your teams but don't know the details? Just get Galaxy AI to create calendar invites with all the relevant 'wheres' and 'whens'.

When you need answers fast, you can reply on Galaxy AI's advanced conversational search capabilities to find just what you're looking for. You can also find out more about anything you see on your screen with Multimodal Search and have Galaxy AI solve those problems that are stumping you in real life. From equations to instructions, just snap a photo and Galaxy AI can work through each step automatically and with easy-to-understand guidance.

Start your day off right with Now Brief**; a daily summary of alerts, schedules, meetings and more. You can send this info on to your teams to get everyone on the same page. Galaxy AI will also highlight, prioritise and summarise messages and notifications so you can act on them as soon as they hit your inbox. And if you need an instant update, just give the now Bar on your lock screen a quick glance, saving you time and helping you reclaim your focus.

The best of Galaxy AI is still on your Galaxy S25 Series devices***. You won't miss a single detail, even in those exhausting afternoon meetings, thanks to Transcript Assist*** and Note Assist**** - now available in your work profile. Galaxy AI is the ultimate minute-taker, able to transcribe, summarise, organise and translate thoughts, meeting notes and action points**. That's the details taken care of so you can focus on the big picture.

*Compatible with select languages only. Google account login required. Requires network connection. Availability of search functions and its supported apps may vary by country, language and device.
 **Requires network connection.
 ***Available AI features may differ by model. Samsung account login is required for certain AI features.
 ****Samsung account login is required. Requires network connection.

Samsung Galaxy A56 5G Enterprise Edition

Work productively on the most powerful A Series device, with 18% more speed and power.¹ The Galaxy A56 5G's Exynos 1580 processor and 8GB of RAM gives you plenty of power to keep on top of projects run heavy applications and view large files on the move, smoothly and seamlessly. Performance won't dip when the action heats up either, thanks to the larger, advanced cooling chamber.² One UI 7 is also a pleasure to work from, making it easy to access the apps and tools you need.

Keep on working and playing for longer with a device that keeps up with you. The long-lasting 5,000mAh³ battery means you can easily get through a full day of meetings, updating work on the go and keeping in touch with your team. And, when you do run a little low, the Galaxy A56 5G 45W Super fast charging ensures you can bounce back quickly—you can get up to 65% charge in just 30 minutes.

Work confidently knowing you have total support. With the Galaxy A56 5G Enterprise Edition, you can enjoy a 3-year warranty for a lower total cost of ownership and added peace of mind. Plus, you get next business-day doorstep replacement.⁴ So, if you experience a manufacturer defect on your device, you can expect one of similar grade on your doorstep the next business day, helping you get back up and running fast.

Key Features
 1. CPU 18% improvement, GPU 17% improvement. Benchmark Score: AP Lab, (CPU) Geekbench5, (GPU) Manhattan 3.0 Peak.
 2. When compared to Samsung Galaxy S24+ flagship model.
 3. Typical value tested under third-party lab conditions. Rated minimum capacity is 4905mAh.
 4. Doorstep Exchange with Samsung gold stock.

Samsung Galaxy A36 5G Enterprise Edition

The Samsung Galaxy A36 5G, available as part of Enterprise Edition, truly enables you to work from anywhere. With improved outdoor visibility thanks to Vision Booster, 6GB of RAM and a powerful Qualcomm Snapdragon processor—providing an 8% improvement¹ in performance and speed on its predecessor—you can experience seamless workflow across multiple apps. And the long-lasting 5,000mAh² battery means you can easily get through a full day of meetings, updating work on the go and keeping in touch with your team.

Work confidently knowing you have total support. With the Galaxy A36 5G Enterprise Edition, you can enjoy a 3-year warranty for a lower total cost of ownership and added peace of mind. Plus, you get next business-day doorstep replacement.³ So, if you experience a manufacturer defect on your device, you can expect one of similar grade on your doorstep the next business day, helping you get back up and running fast.

And because security is paramount, the Galaxy A36 5G comes with the government-trusted, multi-layered security you'd expect from a Samsung business device. Smart Theft Protection adds an extra layer of defence, locking the device down if it detects suspicious activity like sudden movement or unusual connection attempts.

1. CPU 8% improvement. Benchmark Score: AP Lab, (CPU) Geekbench5, (GPU) Manhattan 3.0 Peak.
 2. Typical value tested under third-party lab conditions. Rated minimum capacity is 4905mAh.
 3. Doorstep Exchange with Samsung gold stock.

Google Pixel 10

Escape the ordinary with Google Pixel 10. It has Pixel's most powerful chip, an incredible camera and Gemini built in to help supercharge your productivity and creativity.¹

Pixel helps protect you and your sensitive information.

With real-time security checks, Pixel gives you continuous protection online,¹ proactive scam alerts,¹ and a way to connect with emergency services.²

Security and OS updates for seven years.

To protect you and your sensitive data, Pixel gets regular software updates, helping to make your phone even more secure over time.¹

Do more than you think, more easily than you can imagine.

Google AI on Pixel helps simplify your life and supercharge your creativity. Use it to brainstorm ideas,¹ create new images, better manage your screenshots, control multiple apps with one command,² and get helpful information before you even have to ask.³

Designed for durability. Made for real life.

Pixel 10 is crafted from premium, durable materials into a sleek design that's both comfortable to hold and secure in your hand. Plus, the bold new colours help showcase your personal style.

Twice as durable as Pixel 8, Pixel 10 can handle drops and spills.¹ With its scratch-resistant Corning® Gorilla® Glass Victus® 2 display and an IP68 rating for water and dust protection, life's little mishaps are no match.

1 Available to users aged 18+. Check responses for accuracy. Internet connection required.
 1 With Google Safe Browsing. See safebrowsing.google.com to learn more. 2 Personal Safety app features are dependent on network connectivity and other factors and may not be reliable for emergency communications or available in all areas. For more information, see g.co/pixel/personalsafety. 1 Pixel updates for 7 years from when the device first became available on the Google Store in the US. See g.co/pixel/updates for details.
 1 Check responses for accuracy. Internet connection required. 2 Internet connection required. Features may differ depending on subscription and account. Some apps require set-up. Available in select countries and languages. 3 Available to users aged 18+. 1 Designed to comply with dust and water protection rating IP68 under IEC standard 60529 when each device leaves the factory, but the device is not waterproof or dustproof. The accessories are not water- or dust-resistant. Water resistance and dust resistance are not permanent conditions and will diminish or be lost over time due to normal wear and tear, device repair, disassembly or damage. Phone is not drop/tumble proof, and dropping your device may result in loss of water/dust resistance. Damage from drops, tumbles and other external forces is not covered under warranty. Liquid damage voids the warranty. See g.co/pixel/water for details. GORILLA and VICTUS are registered trademarks of Corning Incorporated.

Moto g35 5G

With a huge 6.72" FHD+ display, moto g35 5G brings your media and video calls to life even in bright light – backed by multidimensional Dolby Atmos® on stereo speakers.

Enjoy a stunning, ultra-thin premium design, including an option in vegan leather. Unleash super-fast 5G performance.

And make sure the fun never stops with a long-lasting battery. moto g35 5G means business.

Samsung Galaxy XCover7 Pro

The tough, stylish, smarter connected work phone

Meet the newest rugged marvel, the Samsung Galaxy XCover7 Pro. It's got a sleek, premium design that's not just easy on the eyes but tough enough to handle all the daily chaos—from bumps and scrapes to dust and water. Built to withstand the rigors of any job, this is a phone you can rely on.

Intuitive and user-friendly, it's packed with tools and apps to help you stay productive in the warehouse, office, shop floor or out on site. With a longer-lasting battery, you can power through even the most demanding shifts. Fast charging with USB-C or POGO pins¹ gets you back in action quickly, and the swappable battery² means you don't have to stop to charge—just swap in a fresh one and keep going. Plus, with an extra programmable key compared to the Galaxy XCover7, you can customise your workflow like never before, unlocking new levels of efficiency.

And now, with smart features designed to make your work life easier, the Galaxy XCover7 Pro offers new ways to streamline your tasks and optimise your workday.

With high-speed 5G³ and Wi-Fi 6E, staying connected with your team is easy, no matter the conditions. Plus, with Enterprise Edition you get all the security, support and services you'd expect from a Samsung Rugged device. It's not just a phone; it's your ultimate work partner.

¹POGO charging dock sold separately.

²Additional batteries sold separately. In the case of extra replaceable batteries, only Samsung-certified products are compatible for use.

³5G requires optimal 5G connection and actual speed may vary depending on market, carrier, and user environment.

ThinkPhone²⁵

by motorola

Thinking ahead.

Always a step ahead with 5 years of updates.
Stay protected from threats while enjoying new features with Android OS upgrades through 2029.

Proven Think reliability
Keep your investment safe with IP68 underwater protection,¹ ultra-strong Aramid fiber, and military grade-certified (MIL-810H) durability.²

Phone, PC, and tablet unified with Smart connect
Bring together phone, tablet, and PC³ experiences for secure connectivity and enhanced productivity.

4310mAh all-day battery in 11 minutes of charging
Fuel up all your mobile devices with a single TurboPower™ 68W charger, providing power for the day in just 11 minutes.⁶

Business-class performance
Accelerate workflows with 5G speed,⁴ the MediaTek Dimensity 7300 4nm processor, and up to 256GB storage.⁵

Also included in the box

Charger

Headphones

Screen Protector

ThinkShield

FOR MOBILE

ThinkShield for mobile is designed to deliver best-in-class security, manageability, productivity and service, giving your smartphones 360° of business-grade protection.

For a customer loan device please contact: mparsons@lenovo.com

We offset the CO₂ emissions from the ThinkPhone entire life cycle, not just production.

Motorola relies on United Nations Climate Action projects to offset the carbon footprint of every ThinkPhone sold.

Do your part for the environment with a CO₂ offsetting program that's tailored to the carbon footprint of your ThinkPhone smartphone purchase.

¹Water, splash and dust resistance were tested to IP68 standards under controlled laboratory conditions. Withstands immersion in up to 1.5 meters of fresh water for up to 30 minutes. Exposure to conditions beyond this rating are not covered by warranty. Resistance will decrease as a result of normal wear. Not designed to work while submerged underwater. Do not expose to pressurized water, or liquids other than fresh water. Do not attempt to charge a wet phone. Not waterproof. ²MIL-STD 810H establishes a methodology for testing products against environmental stresses under controlled laboratory conditions. Motorola uses the U.S. Department of Defense's MIL-SPC standards to test devices against hazardous physical and environmental conditions to determine durability. Such testing is not a guarantee of future performance under these test conditions. The ThinkPhone25 by Motorola was tested against 16 categories and 14 MIL-STD-810H procedures to prove its toughness. Abuse, like that contained in MIL-STD 810H testing, is not covered under Motorola's standard warranty. ³Smart Connect is available on selected smartphones, tablets, and on Windows 10 and 11. Visit the FAQ page for a full list of device and software compatibility. Requires PC app download. PC and mobile device to connect wirelessly must share the same Wi-Fi AP (access point) OR must be connected via USB-C cord. ⁴Available with 5G service plan and 5G network coverage; available only in select areas. See carrier for details. ⁵Available user storage is less due to many factors, including operating system, software and functions utilizing part of this capacity; may change with software updates. ⁶Requires Motorola TurboPower™ 68W Charger; sold separately. Median users can get up to 12 hours of battery life in 11 minutes of charge. Battery must be substantially depleted; charge boost must be "on"; charging rate slows as charging progresses.

vodafone.co.uk/business | Speak to your Vodafone account manager or call 0808 0057400

moto g75 5G business edition your ultimate business companion. With military-grade durability (MIL-810H)¹ and IP68 water resistance, it's built for tough environments.

Feel confident about your investment with five years of OS upgrades and six years of security updates. Capture perfect moments with the Sony - LYTIA™ 600 camera. Smart Connect easily pairs **moto g75 5G business edition** with your other work devices.

No matter the situation, **moto g75 5G business edition** will take your work experience to the next level.

motorola
FOR BUSINESS

What is AppBox?

Vodafone AppBox is a service which recommends a collection of free mobile apps during setup of a compatible handset – you can choose to download the ones you want. It comes already installed on any compatible device you buy from us.

The apps in AppBox won't take up any storage space on your device until you install them.

Which devices have AppBox?

AppBox is available on handsets from the following manufacturers: Samsung*, Oppo, Xiaomi & TCL. AppBox is not available on iOS or on any Androids other than the four listed above.

* AppBox is NOT available on Enterprise Edition devices e.g. Samsung Enterprise Editions.

How does AppBox work?

AppBox recommends apps based on demographic information provided by the customer. You can skip this if you wish and do not have to download any apps if you do not want to.

How does AppBox work with Business devices?

Some Apps recommended by AppBox may not work for some Business customers as this will depend on the security/setup allowance set by their company. If downloaded they will be blocked in the same way as they would be as if downloaded from the Google play store.

Enterprise Delivery Charges

Home/office delivery

Get free delivery across the UK to any address. Order before 5pm and you'll get free next day delivery*

We partner with DPD who will

- Send you text and email confirmation as soon as your order has been despatched
- Provide a 1 hour delivery slot; you will get a text on the day of delivery to let you know when your order should arrive. If you want you can reschedule.
- Allow you to choose a different day

If you are not sat around all day, you can pay for one of our premium delivery services that suits you. You can pick a morning or afternoon slot. You can even have your delivery over the weekend.

Premium delivery

Choose morning, afternoon or Saturday delivery**

If you are not sat around all day, you can pay for one of our premium delivery services that suits you. You can pick a morning or afternoon slot. You can even have your delivery over the weekend.

Pre 10.30am

Your parcel will be delivered between 8am and 10.30am
Additional charge of £7.00

AM delivery

Your parcel will be delivered between 8am and 12midday
Additional charge of £2.00

PM delivery

Your parcel will be delivered between 12midday and 6pm
Additional charge of £2.00

Weekend delivery

Your parcel will be delivered on a Saturday
Additional charge of £2.00

*Next day delivery isn't available in remote areas, instead we offer a 2 day service. Low value items such as SIM cards and accessories are delivered by Royal Mail.

**Premium delivery isn't available in remote locations

Vodafone Enterprise Accessory Guide 2025

Accessories

EATS.

Everyone's Addicted To Something (EATS.)

Over 1 billion phone cases are made yearly, with the majority made from single-use plastics. 79% of cases end their life in landfills and other natural areas. The solution? A 100% recycled clear MagSafe case that includes a CO₂e value for the end-to-end manufacture and distribution, which is a first for Vodafone's portfolio. The EATS. case is also drop test certified up to 3 metres. From September '24, Vodafone will be the only place where customers can purchase a case with a CO₂e labelling.

VF SKU	Products	Price (excl. VAT)
231948	EATS. Clear MagSafe for iPhone 17 Pro Max	£23.33
231947	EATS. Clear MagSafe for iPhone 17 Pro	£23.33

Protection

SAFE. By PanzerGlass Black Cases

Durable Protection: The case is made from flexible, shock-absorbent TPU to shield your phone from drops, bumps, and scratches.

Sleek, Sustainable Design: It's a thin, black case made from 100% recycled plastic.

Long-Lasting Clarity: The case has an anti-yellowing feature, so it stays clear and looks new over time.

Effortless Convenience: It's easy to install and works with wireless chargers, so you don't have to remove it to power up.

Eco-Friendly Packaging: The packaging is made from sustainable, FSC™-certified materials and uses approximately 30% less paper than previous models.

£16.67 (Ex. VAT)

SKU 218185

- Fast-charge an iPhone 12 from 0-50% in 24 mins!
- Compatible with both iPhone and Samsung devices.

Cables and adapters

Charge from 0-50% in 24 mins!*

Twin USB-C packs available now

Belkin 30W Type C Adapter

Manufacturers no longer include a charging plug in the box with a new device. Therefore, you won't be able to charge your device. Fast charge your device with this Belkin 30W Plug. It's approved by Apple and comes with a 2-year warranty.

Belkin Braided Fast-Charge USB-C Cable Twin Packs

iPhone 15 devices now have a USB-C charging port, meaning old lightning cables won't be compatible. Purchase a twin-pack today. Belkin's braided charging cables enable fast-charging, come with a 2-year warranty, and are also built to withstand over 8,000 bends.

PanzerGlass™

PanzerGlass Privacy Screen Protectors

Private messages. Bank details. Pin codes. With this screen protector, your secrets are safe from the prying eyes of people sitting next to you. The specially designed privacy filter renders the content of your screen virtually invisible to everyone except you. Accidental bumps against sharp-edged dangers in your pocket or crushing falls onto stone-hard pavements are also no match for this scratch and shock-resistant screen protector, which provides high-level drop protection. The screen protector comes with an Easy Aligner that makes installation so simple. It provides a complete and crystal-clear view of your screen and comes in FSC™-certified packaging that can be recycled.
