## Who is this cover designed for?

**For many, a Device is more than just for calls. It keeps you connected, stores memories, provides entertainment, and more**

This insurance is for people with a Device on the Vodafone network that isn't already insured.

It covers the cost of fixing or replacing your Device if it's lost, stolen, damaged, or broken.

Successful claims are subject to an excess payment by you. You should take this into consideration when deciding if this policy is suitable for you.

You must be at least 18 years old and a permanent resident in the UK at the time you bought this insurance.

Your Device needs to be brand new or refurbished directly from a manufacturer, network provider, or retail store (high street or online). We do not cover Devices which were bought as second-hand or used.

We may ask you to provide proof of purchase to support your claim. (e.g. a receipt or delivery note). If you are unable to provide proof of purchase, it will impact our ability to assess your claim and it may be declined.

Only the Vodafone account owner or someone with partial administration permission can buy insurance cover.

---

**This insurance is offered on the understanding that you will take care of your Device.**

Having insurance does not mean you can take risks with your Device that you would not take if your Device were not insured. Doing so may result in your claim being declined.

Further details can be found in the section 'What you are NOT covered for'.

---

We do understand that every claim can be quite different, and we will make every effort to take this into consideration when we review a claim.

## What you are NOT covered for

Summary	Description
<b>Excess.</b>	<p>You need to pay a contribution every time you make a successful claim and is based upon the model and type of Device you purchased. This is the excess.</p> <p>The excess amounts are detailed on your Certificate of Insurance.</p> <p>If you visit an Apple Store outside the UK, different excesses may apply, please visit the AppleCare services section on <a href="http://vodafone.co.uk/insurance">vodafone.co.uk/insurance</a></p>
<b>Loss, theft, damage or breakdown because of not taking care of your Device.</b>	<p>Taking care of your Device means:</p> <ul style="list-style-type: none"><li>• Not knowingly leaving your Device somewhere it is likely to be lost, stolen or damaged. Just think would you leave your wallet or purse there?</li><li>• If you need to leave your Device somewhere then we expect you to <b>lock it away out of sight</b> if possible. If you cannot lock it away, then you must leave it with <b>someone you trust or concealed out of sight in a safe place.</b></li><li>• Making reasonable enquiries to find your Device if you think you have lost it.</li></ul> <p>We will always consider where you are and what you are doing when we assess whether you have taken care of your Device.</p> <p>If we believe you have not taken care of your Device, and have knowingly taken a risk with it, we may decline your claim.</p> <p>If you, intentionally damage or knowingly leave your Device somewhere you can't see it, but others can, we may decline your claim. Examples of claims we have declined for not taking care of your Device are:</p> <ul style="list-style-type: none"><li>• In a cafe or pub, you leave your Device on the table when you go to the bar to pick up your drink instead of taking it with you.</li><li>• Leaving your Device on display in your car or on public transport such as leaving it on the table on the train or the seat on the bus.</li><li>• If you are at the gym and you leave your Device on a bench in the changing rooms rather than taking it with you or storing it in a locker.</li></ul> <p>All these examples increase the risk of it being lost, stolen or damaged and may result in your claim being declined. The examples are to help you understand what's covered and are not the only reasons a claim could be rejected.</p>

---

**More than 3 claims in a 12-month period.**

There is a limit of 3 successful claims in any 12-month period. It begins from the date of the first claim.

Whether the Device is repaired or replaced by the insurer or by AppleCare Services this would count towards this claim limit.

For example, if you make your first claim on the 1st January, you are limited to only two more claims up until 1st January the following year.

The policy will be cancelled on the date on which we settle your third claim.

---

**Cosmetic damage.**

We only cover damage that stops your Device from working. If it's just a scratch or dent and your Device still works, we won't fix or replace it.

We know scratches and scrapes to your Device aren't nice, but we are here to fix your Device when it isn't working, so if it still functions as you would expect then we can't help. For example, a scratched screen would not be covered but a cracked screen would be covered.

---

**Contents of your Device.**

We only cover the Device; we don't cover the contents. This means that any pictures, software, downloads, apps, music or any other content is not covered by this policy. This also means that if any of the information stored on your Device is used to access any existing accounts or opening new accounts through fraud, we do not cover any financial losses because of these acts.

There are lots of ways to back up the contents of your Device and we suggest you do this regularly. If you have a claim and you lose your Device's contents as a result, you can download it on to your replacement Device and be up and running again in no time.

---

**Unauthorised network charges.**

You should report the loss or theft of your Device to Vodafone as soon as possible. This limits unauthorised network charges (calls, data etc.) as this is not covered under this insurance.

---

**Other losses.**

Any cost or losses that can't be resolved by the repair or replacement of your Device.

We don't cover any loss of profit, opportunity, goodwill or similar losses. We just cover the Device and accessories.

---

**Modifications.**

If your Device has been modified, we will only replace the Device. We do not cover the modifications that have been made.

Modifications are anything that changes the way your Device looks or operates from the original purchased item. This includes unlocking your Device from the network, adding gems or precious metals.

---

### Next day delivery

For claims where we are providing a replacement Device this will be done by next day delivery once the claim has been approved, except for UK Bank Holidays. This service is available for addresses in **England, Wales and Scotland** except for certain post codes. For the most up to date information on these post codes please visit [insurance.vodafone.com/uk/#faq](https://insurance.vodafone.com/uk/#faq) or call us on 0333 304 3346. This service is not available in **Northern Ireland**.

We will also confirm this availability when your claim is accepted.

## What you need to know about the claims process

- This is not 'new for old' insurance, and replacement Devices will come from fully refurbished stock (not brand new).
- Before we send any Devices to settle a claim, we undertake a comprehensive checking process to ensure they are in full working order. All Devices will come with a 1-year warranty.
- We will attempt to replace your Device with one of the same colour, but we can't guarantee it. This is also the case for if we replace any limited or special edition Device.
- If we are unable to replace your Device with the same make and model, we will contact you to discuss an alternative claim settlement.
- If any lost or stolen items are recovered after the claim is approved, they shall become the property of the insurer. These must be returned to us immediately. Damaged Devices and accessories, parts and materials replaced by us shall become the property of the insurer.
- In some instances, we may arrange to deliver your replacement Device at the same time as collecting your damaged Device. If you return a Device or item other than the insured Device, we will:
  - recover the replacement Device, or
  - block the replacement Device to prevent it from being used, or
  - recover the cash value by adding this to your Vodafone network bill and we will cancel your policy thereafter.
  - retain the excess

The action taken will be at our sole discretion.

- Please ensure that you pick a date and time for delivery which is convenient for you and that you have your damaged Device available and ready for collection for that time.
- If you use the Apple Express Replacement Service as part of your claim, Apple will take a credit card authorisation for the retail price of the replacement Device and the shipping costs. When the replacement Device is shipped to you, you must follow the instructions to return your damaged Device.
- If you follow these instructions, you will not be charged for the Device and shipping costs and the credit card authorisation will be cancelled. If you do not follow these instructions, Apple will charge the authorised amount to your credit card.
- If you visit an Apple Store outside the UK to make a claim, you will be responsible for payment of all customs duties and taxes or charges which may apply. You will need to comply with any applicable import or export laws.
