Vodafone Business Advance

Included in price plan

UK Calls and Texts

Customer's standard Charges for UK calls, texts and data are set out below.

Unlimited Minutes and Texts

Each voice Connection on the Vodafone Business Advance price plan has unlimited calls to UK mobiles and UK landlines (starting 01, 02, 03) and standard UK text messages made or sent (as applicable) from and to the UK.

All other call and text types on the Vodafone Business Advance price plan shall be charged at the out of bundle rates set out in this Price Plan Guide.

Shared Data

All Connections with a data allowance included in its Vodafone Business Advance price plan will share their UK data allowances, plus any Opt in Options internet packs, in a pool ('**Data Pool**') (unless expressed otherwise in this Price Plan Guide).

Connections on a 'voice only' Vodafone Business Advance price plan (without an allocation of data) will not be able to use the Data Pool unless there are Connections in the group with data. If a Connection on a 'voice only' Vodafone Business Advance price plan uses data when no Data Pool is available, then the out of bundle Charges detailed in this Price Plan Guide shall apply per Connection.

Connections on price plans other than Business Advance will not be able to share data from the Data Pool.

If Customer uses its Vodafone Business Advance Value MBB Connection and/or Vodafone Business Advance Extra MBB Connection (a data-only SIM Card meant for a mobile broadband device (like a tablet or dongle)) to make voice calls and texts, the out of bundle Charges detailed in the applicable tables below will apply. All other Charges are as per Vodafone Business Advance Charges detailed within this Price Plan Guide.

Customer must have a '**Lead Connection**' among its '**Member Connections**' on the Vodafone Business Advance price plan. The Lead Connection, Deputy Connection and the Member Connections on the Vodafone Business Advance price plan are called the '**Group**'.

The Lead Connection:

- will incur all Charges incurred by the Group;
- cannot have a content bar applied because out of bundle charges will be recorded as content purchases; and
- must be a 'smartphone'.

If the Lead Connection is disconnected: (a) the last voice-enabled Member Connection in the Group will be assigned 'Lead Connection' status.

The Deputy Connection:

- is optional

Customer must purchase at least 1GB UK data for the Lead Connection which will be available for the Group to share and each Connection within the Group must average at least 1GB per Connection (with a data allowance) at all times e.g. if there are 4 Connections with a data allowance in the Group, at least 4GB of UK data must be purchased. The Group cannot comprise of voice Connections only. Please note if Customer has voice only Connections, a data bar must be applied (via customer services) to ensure such Connection does not share data from the Group.
