### Inclusive Roaming Fair Usage Policy

If you have one of our Unlimited plans, data usage when roaming is capped at 25GB per billing month in Roam-free and Roam further destinations. We will notify you as you approach this limit. If you reach this limit, you will need to purchase an additional data bundle to continue using data in a Roam-free or Roam-further destination until your monthly allowance renews. Please go to <http://www.vodafone.co.uk/travelling> for details of our additional data bundles. Any unused data on additional data bundles you have purchased will expire at the end of your billing period. Roam-free, Roam-further Europe Zone 1 and 2 are intended for periodic travel and not for users roaming on a semi-permanent or permanent basis.

If customers use their mobile in our Europe Zone 1 and 2 for more than 50% of the time in any 4 month rolling period, they will receive a text requesting more moderate use of our roaming services.

If customers' usage in our inclusive Europe Zone 1 and 2 continues to exceed 50% as described above, over the 2-week period following the first notification, customers may be charged for further use or we may bar them from using our roaming services. Customers will be notified before we do this.
