

Life, Uninterrupted – what have we launched?

Vodafone Global Roaming

Vodafone has made roaming whilst on holiday even simpler with the launch of Vodafone Global Roaming. From today, all new and upgrading pay monthly customers will be able to take their **home plan abroad to 100 destinations**, more than any other UK network. We also offer the **most 4G roaming destinations** and we don't **throttle data** unlike some competitors.

Roam-free Take your **full** home plan abroad to **40 destinations**

Vodafone Flexi-upgrades and simpler plans

Flexi-upgrades has been introduced so that pay monthly **handset & tablet** customers don't have to wait the full 24 months to get their hands on the latest devices. All they have to do is pay a Flexi-upgrade fee after six months to upgrade a phone of their choice. We've also introduced **simpler plans** which come with **larger data allowances** giving our customers more of what they love!

Vodafone Flexi-upgrades

- Customers now **don't** have to wait **24 months** to get their hands on the newest handsets and tablets.
- They can Flexi-upgrade after **6 months** of their current pay monthly contract
- Trade in cash can also be used to pay off the balance left on their current plan, freeing them up to grab that new device, whenever they want.

New, simpler plans

We've simplified our pay monthly plans into three simple, no-nonsense plans:

- Essentials includes unlimited texts, 500 minutes and up to **500MB** of data;
- Red Extra provides a generous up to **40GB** of data on top of unlimited calls and texts.
- Red Entertainment plans now come with up to **60GB** of 4G data as well as a choice of entertainment
